BCV Conseil Classique

Expert advice to help you make
the right investment choices

You have what it takes to manage your investment portfolio but would still like some expert advice. With BCV Conseil Classique, you will have a dedicated Private Banking advisor who is there for you every step of the way. We will take the time to get to know you, understand your long-term goals and then tailor our advice to your unique situation.

Your investment partner

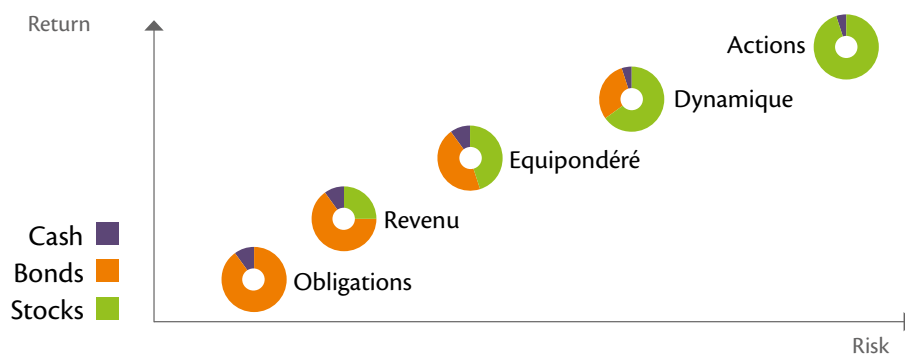

Our BCV Conseil Classique service lets you decide how involved you want to be in the day-to-day management of your portfolio. That means you can call on your Private Banking advisor whenever you need guidance on your investment decisions or would like to review your overall allocation's alignment with your financial goals. You will also have access to our online platform, where you can view your portfolio and track its performance.

Risk management

To ensure you can invest with peace of mind, your dedicated advisor will recommend a reliable and diversified BCV investment fund that suits your investment profile and risk appetite. And because our core advisory services are guided by BCV's investment strategy, your portfolio allocation will remain consistent with your long-term goals.

Asset allocation in line with your risk profile

To further mitigate risk, we will always double check your orders before executing them and regularly monitor your portfolio to ensure it is geared towards your investment objectives.

We will share personalised investment themes with you periodically – through your advisor or our online platform – on the basis of your investment strategy.
