## Zero interest for 12 months

- Offer valid for a fixed-rate mortgage loan with a term of at least five years.
- The loan must be used to renovate a property.

### Eligibility criteria

The improvements listed below are eligible for the Green Bonus offer:

- thermal insulation
- total renovation
- replacing a fossil-fuel heating system with an air-to-water, geothermal, or water-to-water heat pump
- installing solar panels
- installing solar thermal collectors
- upgrading windows

Be sure to discuss this with your advisor during your mortgage loan meeting.

Renovations that do not affect the property's energy efficiency are also eligible for the Green Bonus offer as long as they represent 25% or less of the total loan amount.

Use our online calculators to estimate how much you will save by installing solar panels or a new heating system.
