2011 highlights

BCV turned in strong 2011 financial results:

- Business volumes continued to rise on the back of a dynamic local economy.
- Revenues increased 2%, surpassing the CHF 1bn mark.
- Net profit came in at CHF 301m.

BCV was upgraded by both S&P and Moody's:

- Standard & Poor's raised our long-term credit rating by one notch, making BCV one of only a handful of banks not backed by a formal government guarantee to be rated AA.
- Moody's raised our Bank Financial Strength Rating to the long-term equivalent of A3 from Baa1.

BCVPlus continued apace, with a number of concrete achievements, including:

- We successfully integrated Piguet Galland & Cie SA within the set timeframe.
- Our representative office in Zurich dedicated to institutional asset management became fully operational.
- We made numerous customer service improvements, such as the launch of our BCV Mobile app for smartphones and tablets, and our new youth savings account, which offers a preferential interest rate and is aimed at helping our younger customers get used to managing their savings.

We continued to deliver attractive returns to our shareholders:

• We paid out CHF 22 in the form of an ordinary dividend and a further CHF 10 per share out of paid-in reserves, thus returning a total of more than CHF 275m to our shareholders.

Overview of BCV

Our legal status

Bangue Cantonale Vaudoise (BCV) was founded on 19 December 1845 by the Vaud Cantonal Parliament (Grand Conseil vaudois) as a société anonyme de droit public (i.e., a corporation organized under public law). The Canton of Vaud is BCV's majority shareholder, with 66.95% of the share capital. BCV is listed in the Vaud Commercial Register and is subject to all applicable legislation. Its legal status is defined in the Cantonal Act Governing the Organization of Banque Cantonale Vaudoise (LBCV) of 20 June 1995, as amended on 25 June 2002, 30 January 2007 and 2 March 2010. BCV's commitments are not underwritten by the Canton. However, customer deposits are covered by a nationwide system of investor protection concerning Swiss banks and securities dealers. This system insures deposits of up to CHF 100,000 per person and per bank. In addition, a limited cantonal guarantee applies to deposits with Caisse d'Epargne Cantonale Vaudoise, a savings institution managed by the Bank.

Our core businesses

With revenues exceeding CHF 1.0bn in 2011 and total assets of CHF 37.9bn, we rank among Switzerland's top five banks by assets. BCV is the country's second-largest cantonal bank and the largest bank in Vaud, with a network of 67 staffed branches and 210 ATMs throughout the Canton. The Bank's organization is based on four client-oriented divisions: Retail Banking, Private Banking, Corporate Banking and Asset Management & Trading. We offer a comprehensive range of financial services to all client segments. BCV Group had 2,042 full-time equivalent employees at 31 December 2011. At that date, in addition to the parent company, BCV Group comprised a private bank, Piguet Galland & Cie SA, and two fund management firms, Gérifonds SA and GEP SA (Société pour la gestion de placements collectifs).

Our missions

Pursuant to Article 4 of the LBCV, BCV's corporate mandate is to offer a comprehensive range of banking services to the local community and to contribute to the development of all sectors of the Vaud economy and to the financing of the Canton's public sector institutions and entities. Also, as part of our community focus, we provide mortgage financing in Vaud. The law also stipulates that BCV is to be guided by the principles of economically, environmentally and socially sustainable development. More generally, our missions are to create value for our shareholders and clients, to be a benchmark employer, and to be a good corporate citizen.

Our strategy

At the end of 2008, we modified our strategy in order to focus our efforts on our front lines and generate organic growth in our core markets. Management decided that the best way to ensure profitable growth going forward is the business model of a universal bank with solid local roots. Through our strategy, BCVPlus, we intend to strengthen our position as a full-service bank in the Vaud region and be recognized as a leading financial institution in Switzerland, particularly for private banking and institutional asset management.

With BCVPlus, we are targeting:

- renewed impetus in retail banking, particularly mortgage lending, by improving front-line execution and overall sales-support efficiency while tapping into the potential inherent in our large client base;
- growth in private wealth management, primarily in Vaud, and institutional asset management both within Vaud Canton and elsewhere in Switzerland;
- a greater role for SME-related activities;
- enhanced volumes and profitability in the trade finance and large corporates business lines, in accordance with the Bank's risk profile;
- very limited risk-taking in trading activities, which are centered on customer-driven business volumes.

Management is convinced that quality of execution is a key factor in setting ourselves apart from the competition and driving our success. With this in mind, we launched a series of internal initiatives in 2009 to simplify processes, develop our employees' skill sets, improve customer service and revitalize our sales and marketing approach. These initiatives continue.

The Group aims to achieve sustainable growth, with revenues expanding by 4-5% and operating profit by 5-8% per year on average. The long-term targets are 13-14% for ROE, 57-59% for the cost/income ratio and 13% for the BIS Tier 1 capital ratio. These strategic objectives should be viewed from a multi-year perspective.

In the coming years, the Bank intends to pay a stable ordinary dividend, which may rise gradually within a range of CHF 20 to CHF 25 per share, depending on business growth. Furthermore, it will optimize equity by making an additional annual distribution of CHF 10 per share. As announced at the end of 2008, the Bank plans to maintain these distribution levels for five to six years counting from 2008, barring any significant changes in the economic or regulatory environment.

Our business strategy is guided by our ultimate goal of creating value for shareholders, clients and employees.
