### 2021 highlights

### The local economy is back on a firm track

- Vaud Canton's GDP grew 4.5% and unemployment fell from 4.9% to 3.7% over the course of the year.<sup>2</sup>
- The economic upswing was broad, with just a few sectors still experiencing pandemic-related headwinds.
- The recovery helped push up volumes in nearly all of our business lines.

### We posted record financial results

- Our revenues increased 6% to just over CHF 1bn.
- Operating profit grew 15% to CHF 429m, as we kept the rise in operating expenses under firm control.
- Net profit for the period climbed 14% to CHF 379m, the highest since 2007, corresponding to an ROE of 10.7% one of the top ROEs in our peer group.
- Given the strength of these results and our confidence going forward, the Board of Directors is recommending that shareholders approve a CHF 0.10 increase in our dividend to CHF 3.70 per share.

### Our financial solidity was reaffirmed by the two main rating agencies

- Standard & Poor's and Moody's maintained our credit ratings of AA and Aa2, respectively, each with a stable outlook.
- The rating agencies cited our diverse revenue streams as well as our strong capital base, as illustrated by our total capital ratio of 17.3% at end-2021.

### Our dividend remained unchanged

- In line with our dividend policy, in May 2021 we paid our shareholders an ordinary dividend of CHF 3.60 per share, unchanged from the prior year.
- If we include the recommended dividend for 2021 (CHF 3.70 per share), our shareholders will have received CHF 4.4bn or 1.2 times our shareholders' equity since 2008.

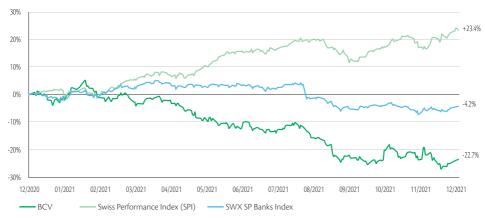

### We continued to roll out new corporate social responsibility initiatives

- We announced several new partnerships including with Romande Energie and PEIK designed to help our clients navigate the energy transition.
- We set several targets, including reducing the CO<sub>2</sub> emissions from our operations by at least 35% by 2030.
- We started backing the 42 Lausanne school of computer programming that opened in Lausanne last summer, we also became a partner of the Enterprise for Society (E4S) initiative jointly led by EPFL (Swiss Federal Institute of Technology), the University of Lausanne's Faculty of Business and Economics (HEC), and the Institute for Management Development (IMD).

<sup>&</sup>lt;sup>2</sup> According to the GDP growth forecast and unemployment rate published by CREA and SECO, respectively, in January 2022

### Overview of BCV

### Our legal status

Banque Cantonale Vaudoise (BCV) was founded on 19 December 1845 by the Vaud Cantonal Parliament (Grand Conseil vaudois) as a société anonyme de droit public (i.e., a corporation organized under public law). The Canton of Vaud is BCV's majority shareholder, with 66.95% of the share capital. BCV is listed in the Vaud Commercial Register and is subject to all applicable legislation. Its legal status is defined in the Cantonal Act Governing the Organization of Banque Cantonale Vaudoise (LBCV) of 20 June 1995, as amended on 25 June 2002, 30 January 2007, 2 March 2010 and 8 December 2020. BCV's commitments are not underwritten by the Canton. However, customer deposits are covered by a nationwide system of investor protection concerning Swiss banks and securities dealers. This system insures deposits of up to CHF 100,000 per person and per bank.

### Our core businesses

With revenues of CHF 1.0bn in 2021 and total assets of CHF 55.9bn, we rank among Switzerland's top five universal banks by assets. BCV is the country's second-largest cantonal bank and the largest bank in Vaud, with a network of nearly 60 staffed branches and more than 210 ATMs throughout the Canton. The Bank's organization is based on four client-oriented divisions: Retail Banking, Private Banking, Corporate Banking, and Asset Management & Trading. We offer a comprehensive range of financial services to all client segments. BCV Group had 1,932 full-time-equivalent employees at 31 December 2021. At that date, in addition to the parent company, BCV Group comprised a private bank, Piguet Galland & Cie SA, and two fund management firms, Gérifonds SA and GEP SA (Société pour la gestion de placements collectifs).

### Our missions

Pursuant to Article 4 of the LBCV, BCV's corporate mandate is to offer a comprehensive range of banking services to the local community and to contribute to the development of all sectors of the Vaud economy and to the financing of the Canton's public-sector institutions and entities. Also, as part of our community focus, we provide mortgage financing in Vaud. The law also stipulates that BCV is to be guided by the principles of economically, environmentally and socially sustainable development. More generally, our missions are to create value for our shareholders and clients, to be a benchmark employer, and to be a good corporate citizen.

### Our strategy

In 2019, we defined a new strategic phase – *vista* – that builds on those we have been implementing for more than ten years. This phase aims to maintain the positive trend that the Bank's business lines have been experiencing over the past few years. It is also designed to position the Bank to respond to the main challenges we will face in the coming years, such as heightened competition, persistently low interest rates, advancements in digital technology, and ever-changing customer needs.

For the business lines, we are targeting:

- Above-market growth in asset management, SMEs, and onshore private banking;
- · At least market growth in retail banking;
- A focus on the profitability of our commodities trade finance and large corporates businesses;
- · Continued development of our other business lines.

We have identified several strategic focus areas that will enable us to meet future challenges. These goals include:

- Continuing to improve our service quality along the entire value chain to create an even better customer experience;
- Enhancing our distribution channels (branches, digital services, and call centers) to give customers an integrated multichannel experience:
- Capturing more of the cross-selling potential inherent in our universal bank business model;
- Implementing operational improvements through targeted measures;
- Increasing our attractiveness as an employer and fostering continuous skills development among our employees;
- Sharpening our focus on corporate social responsibility (CSR) measures, including a wider range of sustainable banking products, socially responsible investment options, and mortgage solutions.

The Group aims to achieve sustainable growth, with revenues and operating profit trending along the same lines as in recent years. We are targeting a cost/income ratio of 57%–59% and a CET1 ratio of at least 13%; our ROE target based on this minimum target CET1 ratio is now 13.5%–14.5%. These targets should be viewed from a long-term perspective.

In line with the approach adopted over the last decade, BCV decided in early 2018 to extend its dividend policy for another five years beginning with the 2018 reporting period. Following the reduction in our tax expense due to the implementation of Vaud Canton's corporate tax reform, the Bank intends to pay an ordinary dividend of CHF 3.40–3.80 per share (adjusted for the 10-for-1 stock split on 28 May 2020), barring significant changes in the economic or regulatory environment or in the Bank's situation.
