Expert advice to help you make
the right investment choices

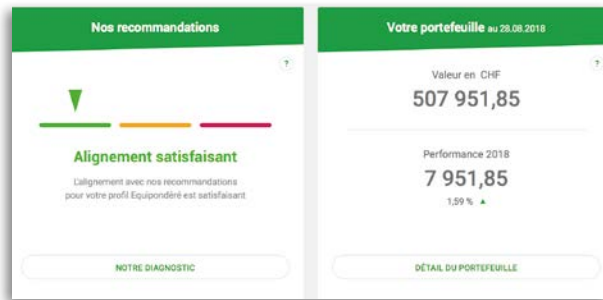

You are an experienced investor with sophisticated investment requirements. You take a dynamic approach to managing your portfolio but would also like the support of a Private Banking advisor who is backed by a team of in-house investment specialists. Our BCV Conseil Plus advisory service was designed with you in mind. It includes personalised recommendations and market reports to give you the flexibility you need to make your own investment decisions.

Your investment partner

With BCV Conseil Plus, we take a more active approach to our partnership with you. This involves sending you investment opportunities, which you can then take or leave as you see fit. Your Private Banking advisor will be there to help you achieve your investment goals. You can meet with your advisor as often as you wish – in addition to your 24/7 access to our online platform where you can view your portfolio, performance reports and tactical opportunities.

Risk management

With BCV Conseil Plus, your core portfolio will be invested in line with BCV's investment strategy and your risk profile. That means your portfolio is always geared towards your long-term strategy. You then decide how to invest the remaining 40% of your assets through tactical opportunities. To help you with this, we will send you tailored investment proposals, taking our cues from your portfolio's risk profile.
